REINDEER HUNTING

2020 PRICES

Reindeers are the only big game in Iceland and Iceland Outfitters has 100% success rate so far.

The hunt takes place in the wild, uninhabited eastern highlands and involves both walking and stalking, though a four wheel drive vehicles are mainly used to get close to the prey.

Join us on a reindeer hunt in the beautiful Eastern part of Iceland, where the reindeers roam free in the unique and untouched nature.

All reindeer hunts are done with the guidance of a private local guide that knows the area very well. The Icelandic reindeers are listed separately in the SCI reord books.

Most of the hunts takes place between August 15th and September 5th, though the season is a bit longer.

Reindeer hunting in Iceland is an experience of a lifetime. We look forward to see you in Iceland!
